

QUALITY POLICY ISO 9001: 2015

It is the policy of Central Demolition Ltd to provide products and services in accordance with the requirements of ISO 9001: 2015 and with the customer's requirements.

The policy is implemented through a series of documented quality procedures and training programmes to ensure all personnel are competent and have a thorough understanding of their responsibilities.

The policy is subject to continuous improvements and to review during our annual Management Review Meetings to ensure that our organisational goals continue to meet the current and future anticipated needs of our Customers.

Copies of the Quality Policy and associated procedures are made available at all locations which are relevant to the tasks being performed.

The Quality System demonstrates through objective evidence, conformance with customers' requirements, and provides the necessary information to improve quality, costs and service performance.

To ensure that the system is efficiently implemented, consideration is given at regular meetings to required resources for equipment, materials and personnel.

The management of Central Demolition Ltd are committed to the achievement and maintenance of a high standard of service, and the provision of quality products, and are aware that this is not possible without the whole-hearted co-operation of all personnel.

This policy is fully authorised by the Directors.

The Buyer acts as the Management Representative responsible for Quality. The Quality Consultant acts as the Internal Auditor.

This Policy will be made available to all members of staff and is displayed to all through various media formats including our website, notice boards and inductions.

This Policy will be reviewed as a minimum, annually to monitor its effectiveness and to ensure that it reflects changes in legislation. Interim reviews will also be undertaken as appropriate.
