

ENVIRONMENTAL POLICY ISO 14001: 2015

Central Demolition Limited based in Bonnybridge, Scotland, provides UK wide demolition services including emergency work, licenced and non-licenced asbestos removal, asbestos surveys, excavation, site clearance, recycling and skip hire.

The Environmental Management System and Policy of Central Demolition Limited encompasses: -

- External and internal issues of relevant to the Company
- Requirements of the Company's interested parties
- Environmental compliance obligations
- All products and services relating to the Company's customers
- Environmental control and influence where possible

This policy provides the framework for setting our environmental objectives.

The Company's environmental objectives are set, reviewed and approved by top management via our annual (as a minimum) management review meetings.

Top management commit to protect the environment; this includes the prevention of pollution, as well as other relevant environmental issues specific to Central Demolition Ltd.

The top management of Central Demolition Ltd commit to fulfilling all relevant environmental compliance obligations.

The top management of Central Demolition Ltd will provide the necessary means to ensure that the environmental management system can achieve continual improvement to enhance environmental performance.

This Policy will be made available to all members of staff and is displayed to all through various media formats including our website, notice boards and inductions.

This Policy will be reviewed as a minimum, annually to monitor its effectiveness and to ensure that it reflects changes in legislation. Interim reviews will also be undertaken as appropriate.
